

Serial No. 10/669,900

STATUS OF THE CLAIMS

1
2
3 1. (Currently amended) A window assembly for garage doors,
4 comprising:

5
6 A) a transparent panel having an external surface and an internal
7 surface, said external surface including a coplanarly extending
8 peripheral flange member making said external surface larger
9 than said internal surface with respective external and internal
10 peripheral edges, and said peripheral flange member further
11 including a peripheral underside surface that comes in abutting
12 contact against the peripheral external surface adjacent to an
13 opening in a garage panel with cooperative dimensions to
14 permit said internal surface to go through; and
15

16 B) means for mounting said transparent panel on said garage
17 panel.
18

19 2. (Previously cancelled)
20

21 3. (Previously cancelled)
22

23 4. (Previously added) The window assembly set forth in claim 1
24 wherein said means for mounting said transparent panel on said
25 garage panel includes:
26

27 C) an external frame assembly mounted on said garage panel
28 around said external peripheral edge.
